

LUCAS SAN JUAN JORDÁN

GEOGRAPHER | GIS ANALYST | DATA ANALYST

Tenerife, Spain | Open to remote and international opportunities
lucasinformatica27@gmail.com | linkedin.com/in/lucas-san-juan-jordan/

PROFESSIONAL PROFILE

Geographer with postgraduate training in applied social science analytics and hands-on experience in GIS, territorial research and data analysis. I use QGIS, Python, GeoPandas, R, Stata and Power BI to turn data into maps, indicators and actionable reports.

PROFESSIONAL EXPERIENCE

Data Analyst AI Labs (remote)	JAN 2026 - JUL 2026
- Analysed and segmented users of an AI platform serving over five million users. - Created indicators, visualisations and reports for product and business decisions.	
Project Support Technician University of La Laguna	FEB 2024 - MAY 2024
- Prepared and analysed territorial and socioeconomic information. - Produced indicators, charts, maps and technical reports for applied research.	
Territorial Analysis Intern ULL Tourism Chair	2023
- Inventories, assessment matrices and QGIS mapping for coastal urban regeneration.	

TECHNICAL SKILLS

- GIS: QGIS, GeoPandas, geoprocessing, spatial analysis, thematic mapping and AHP.
- Data: Python, pandas, statsmodels, R, Stata, Power BI, Excel and visualisation.
- Domains: wildfire and flood risks, mobility, natural hazards and spatial planning.

ACADEMIC PROJECTS

- Wildfire risk in Tenerife: territorial variables and multi-criteria GIS assessment.
- University mobility: survey data and ordinal logistic regression with statsmodels.
- Coastal hazards: mapping of flooding, erosion and territorial exposure.

EDUCATION & TRAINING

- Master's in Applied Social Science Analysis | ULL | 2024 - 2026
- BSc Geography and Spatial Planning | ULL | 2019 - 2025
- Master's in GIS Technologies & Spatial Data Science | UdG | planned Nov 2026
- DIGINNOVA: innovation and competitiveness | ULL | ongoing
